

PAC Recommended Resources for MATH

Learning strategy from videos:

1. Watch the video until the content makes the most sense.
 2. Take Notes.
 3. Put it on mute, re-watch the video and then explain the video in your own words.
-
- [Khan Academy](#) – large collection of instructional videos sorted by topics, along with examples and exercises.
 - [Purple Math](#) – Good recourse for college algebra and introductory trigonometry.
 - [Kuta Software](#) – there are several worksheets with answers (no worked out solutions) under the “free worksheet” tab.
 - [Paul's Online MATH notes](#) – well organized by topic with worked out examples for courses that include Algebra, Calculus I-III, has practice problems with solutions.
