

Master your Virtual Exam Prep

As you prepare for your remote exams, it is crucial to learn the format, timing, and the content to expect and to plan for what to do if technology presents a challenge. Ask your course resources (faculty/TA) these questions as part of your preparation process:

- Date and Time of the exam - if not posted in the syllabus
- Will the exam be timed? If so, how much time will I have to complete it?
- What will be the format? Open notes, open internet, multiple choice, essay etc.
- Will I be allowed to return to the questions we missed/want to review at the end?
- What content or weeks of the course will be covered in the exam?
- What should I do if my internet is slow or fails during the exam?
- Any recommendations on how to prepare for the exam?
